

# SUPPORTS LOCAL TRAINING INITIATIVE FOR YOUNG PEOPLE

*Pictured – Comserv Group Executive Manager, Richard Cooper and PCMI's Construction Multi Skills Trainer, Simon Robert with students currently on the PCMI training Programme receiving much needed materials and equipment at their training facilities in Cosham.*

Havant based repairs and maintenance company, Comserv UK Ltd, has today donated a range of construction building materials and essential tools and equipment for Cosham based training facility, PCMI, to help with their newly built training facility.

PCMI provides training and support for people with disabilities and the unemployed, helping them back into work with the skills that employers want and one of the PCMI trainees has already

successfully completed a work experience placement earlier in the year with Comserv.

“We are proud to be working in association with PCMI and we are already discussing further plans to develop our support and relationship with PCMI” says Richard Cooper, Comserv’s Group Executive Manager.
